

## ORBIT 200 PENDANT

The fitting below is a small version of our standard Orbit hemisphere range. It is available as a GU10 version or in 8.5 or 17W LED versions or in Low Voltage. It can be finished in any of our standard powder coat or brushed metal finishes. The twisted 6mm rod comes in lengths up to 900mm whilst straight rods come standard up to 2 metres long. It is constructed with an integrated 240V LED light source or plastic GU10 lamp holder and housed in a powder coated Aluminium reflector and back plate. It is rated to 35W maximum GU10 and is also available in Low voltage to 50W and 8, or 17W LED versions.

Elettra Products are Australian owned and manufactured.

## **ORBIT 200 PENDANT Interior Pendant 8.5W Integrated LED**
