

COPPER POOL ACCESS LID COVER

When the plastic pool cover lid just doesn't cut it for both strength and finish. This simple solution utilizes several 316ss locating plates sandwiched with a copper cover. The unit has been secured utilizing both brass screws and nylock nuts.

Elettra Products are Australian owned and manufactured.

Elettra manufactures and finishes products on site and maintains a large range of components and manufacturing processes aligning the business to bespoke manufacture and design. We reserve the right to change or modify designs without notice.
